REPORT OF THE FIRE DEPARTMENT

In 1974 the fire department answered 11 calls with 64 men responding. We had a reported fire loss of just under $1,000. Over 400 hours were contributed by the firemen to our training program so that we can serve you better.

As with past years defective equipment has been replaced and new tools and equipment added to the department. Some protective clothing has been purchased and more will be added in the future.

Again in 1974 the fire department has sponsored a fire prevention program with the students in Goshen-Lempster school participating in coloring, poster, and essay contests.

The firemen's auction and other fund raising activities in "74" earned $1,700 for our equipment fund. We now have in our savings account toward purchase of a truck $2,942.71.

Our home fire extinguisher project is doing well and if anyone desires information on portable fire extinguishers or home fire alarm devices we are qualified to advise you of quality products available.

Please accept my sincere thanks to the firemen and to all citizens and taxpayers of Goshen for their many hours of help and cooperation given to make the Goshen Fire Department a very effective service to the town.

Respectfully submitted,
Edwin I. Baker, Chief

REPORT TO TOWNS

All open burning when the ground is not covered with snow is controlled by the Town Forest Fire Warden in cooperation with the New Hampshire Forest Fire Service. Anyone wishing to kindle a fire out-of-doors when the ground is not covered with snow must have a written permit signed by the Town Forest Fire Warden. If the fire is to be kindled on land not owned by the person kindling the fire then he must have the permission of the landowner. No outdoor fires can be kindled between 9 A.M. and 5 P.M. unless it is raining, without the additional approval of the District Forest Fire Chief.

The 1974 forest fire season was one of the worst in the past two decades. Woodlands in central and southern New Hampshire became so dry in mid August that the Governor and Council, upon the recommendation of the State Forester, enacted a partial woodlands closure in Sullivan, Cheshire, Hillsborough, Merrimack and Balknap Counties and a complete woodlands closure in Strafford and Rockingham Counties plus the Towns of Barnstead, Gilmanton and Alton in Balknap County. Through the excellent cooperation of the citizens of our State no major forest fire occurred at any time during the year.

OLIVE G. PETTIS LIBRARY REPORT

1974 was a busy year for the library. The building was used as a regular meeting place fot the Friends of the Library, the Goshen Historical Society and, of course, the Library Trustees. Several other meetings were held during the year by special interest groups. Again, during the summer, a film program was run for all interested persons.

The Friends of the Library report that the annual Book Fair in July was again successful and they want to thank everyone for his support. The library is grateful to this group for the installation of combination storm and screen windows and doors. The group has also provided the library with a broom, a snow shovel, and a step-stool to reach the high shelves.

There have been many other donations throughout the year; a storm transom window, a fireplace board and a sign, all constructed by Thomas Durham. We have been given a bookcase just right for the children's books, and, of course, donations of books themselves, some of which went into the Book Fair, but many of which went on to our shelves.

We have been pleased to see a number of new faces this year and because the town is growing, we have begun a system of registration for which there is no charge as yet.

Ruth LeClair, Librarian

REPORT OF THE AMERICAN REVOLUTION BICENTENNIAL COMMITTEE

Recalling the vote at the 1972 town meeting at which the town appointed the Goshen Historical Society to act as a committee to formulate plans for the celebration of our nation's bicentennial in 1976, I wish to report as the chairman of that committee, that the application to become a Bicentennial Town has been completed and submitted to the American Revolution Bicentennial Commission in Concord. Project plans had to be outlined under three themes - Horizons 76, Festival USA, Heritage 76. Some of the projects already planned are: a bronze plaque for the Soldiers' Memorial, an appropriate marker for the area of the town's earliest cemetery, a sequel to the History of Goshen, a country music program, an art/craft exhibit, a clearly marked trail to the Lead Mine. A public meeting will be announced at a later date at which these projects will be explained and further plans can be made.

Doris C. Newman, Chairman

AMBULANCE SERVICE

The Newport Ambulance Service answered 488 calls during 1974.

The Ambulance Service, the vehicles, and the crew members are all licensed with the state and meet all requirements above regulations. Over 90% of the members are now licensed "Emergency Medical Technicians." This represents a great many hours of training for each member.

Coverage to the area towns has continued this year. Each town that we have covered with service has helped to support the Ambulance Service with tax assistance based on population, at $2.00 per head. The Ambulance Service hopes to continue service to all communities in our area again in 1975.

The Ambulance Service has also responded to all major fires, in all communities. This is added protection of life and limb to all concerned.

The Newport Police Department has continued to serve as our dispatcher and has proven very valuable to our service and response time. Our telephone number for emergencies is 863-2355.

The crew consists of: Royal Wallace, Director; Keith Gregory, Vehicle Chief; Beatrice Delorier, Supply Chief; Tom Clough, Orren Barton, Albert Gobin, Paul Duling, Mike Patten, Walt Patten, Gordon Blood, Babe Frye, Terry Frye, Sandra Wallace, Robert Billings, Robbie Parker; Police Dispatchers: Verna Connor, Margaret Currier, Terry Stone, Patty Fellows, and Phyllis MacWilliams.

Respectfully submitted,
Royal Wallace
Director

REPORT OF THE BUILDING INPSECTOR

Permits were issued for one mobile home, four new homes, two advertising signs, and one addition during 1974.

A much greater attempt has been made during the past year by the Selectmen, Board of Adjustment, Planning Board, and the Building Inspector to work together. The Boards have met to review and make decisions on land developments, the Water Shed Project, and other problems.

Building Inspector

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of the Goshen-Lempster Co-operative School District:

ENROLLMENT

The present number of students totals 119 in Grades 108, served by a teaching staff of five full-time and three part-time positions.

Sixty students are attending high school: one at Keene and fifty-nine at Newport.

STAFF

Goshen-Lempster experienced a drastic turn-over in staff. Four of the five full-time teachers are new to the school. However, we were able to recruit from a large number of candidates and to select on the basis of formidable training and experience. It is a pleasure to report that the new staff members have lived up to our expectations and are performing very creditably.

Part-time personnel include:

Elizabeth Barrett - Reading Improvement - Title I (Federally Funded)
Elizabeth Lohman - Library Aide
Katherine Merrill - Music

SCHOOL BOARD

Progress is being made in developing written policies and regulations on school operations. This is providing more uniformity and should prove a help to staff, students, and citizens.

A part of most Board meetings has included teacher presentations on curricula matters. This is aimed to provide a closer co-ordination between staff, School Board, and parents. Over-all reaction has been excellent.

BUDGET

Funds have been included to increase the services of the part-time Aide to full-time. This would provide both library service as well as assistance to the teachers - particularly the Head Teacher in the performance of teaching-supervisory duties.

Funds to provide Art instruction are included. This would be another step toward meeting Minimum Standards for Elementary Schools.

Special services for a handicapped student outside the District will require both tuition and transportation charges as required by existing state law.

CONCLUSION

Transportation, as well as custodial services, are now provided by Mr. & Mrs. Charles Newton. Mrs. Connie Hooper continues to operate a successful lunch program and is to be commended for operating within a tight budget in such a period of high food costs.

I am pleased to report that school operations are proceeding very effectively. A fine spirit of co-operation, concern, and dedication exists. Many special experiences for the students are underway - largely through the efforts and ingenuity of the staff under the leadership of the Head Teacher, David Cronin.

Respectfully submitted,
Gordon B. Flint
Superintendent of Schools

REPORT OF THE HEAD TEACHER

From January to June of 1974, under Mr. James Russell, Head Teacher at the Goshen-Lempster School, the growth and changes initiated by him during 1973 resulted in successful consolidation and fruition. His satisfactory achievements were: (a) a new Library Resource Center under the able guidance of Mrs. LeClair, (b) a Dental Clinic in conjunction with the Parent-Teachers Association and Mrs. Buck, the school nurse, (c) the traditional Eight Grade class trip and graduation, (d) initiation of a special reading program directed by Mr. A.J. Soucy, Teacher Consultant for Union No. 43 and implemented by Mrs. Barrett with the assistance of Mrs. Mary McCullough, Chairman, and Mrs. Constance Hooper, Co-Chairman of a Title I Advisory Committee for this cooperative special reading program, (e) the expansion of services to our school by the Sullivan County Mental Health Clinic, (f) a significant Vocational Vistas project which resulted in providing a work experience program for one of our older students, thanks to Mr. Russell's efforts, (g) an outdoor basketball court, (h) the valuable help by parents who volunteered as Aides, and, (i) many field trips and projects in learning situations.

Beginning with the new school year in September 1974, there was a sharp replacement of teaching personnel, with only Miss Jan Bradeen remaining from the previous September; Mrs. Nancy Rickard came in mid-1973, sharing the responsibility of teaching grades 1-3 with Miss Bradeen. Mrs. Connie Hooper continued as cook and Mr. and Mrs. Bud Newton as custodians.

The new staff continued many of the valuable foundations as laid by the former Head Teacher, Mr. Russell. Building upon these previous programs and then creating new patterns of learning, the teachers of grades 4-8 effected shifts in direction by the time December 1974 rolled around:

> Creation of a Student Council headed by capable officers who led in the construction of a Constitution - giving the students the privilege of active participation and responsibility in effecting a stable climate of formal and informal learning.
>
> Implementation of a Student Judiciary Committee who proved invaluable to the Head Teacher in uncovering disruptive patterns among the students and conducting fair and equitable justice to all students.
>
> Initiation of a Physical Education and Recreation Program held twice each week in which a variety of sports were held to fit the needs and interests of all students.

Emergence of a package of formal mini-courses, each led by very dedicated volunteers and professionals from the Goshen-Lempster community: Mondays - sewing - Mrs. Barbara Killoran; Tuesdays - cooking - Mrs. Connie Hooper; Monday through Wednesday - guitar instruction - Mr. Gilbert Pinckney; Thursdays - instrumental instruction - Mrs. Kathy Merrill; and Fridays - Crafts, beginning with Waist Loom Weaving - Mr. Robert Nelson.

An Indistrial Arts and Art Program on a daily basis which provided the students with an outlet to develop manual skills and to work at their own speed and capabilities in a controlled and supervised milieu.

Formation of a planned Task Force of faster-learners who established tutorials by taking slower-learning students on a one-to-one basis and giving their peers the benefit of a more personal teaching experience.

Establishing contracts with individual students in an effort to construct a more diversified learning climate and forming circles of learning in which students of different degrees of competence studied a problem collectively.

Engaging in student-centered projects:
(a) A heritage newspaper produced by the 6th graders in line with their study of our American heritage.
(b) A school newspaper produced periodically by the 8th grade with appropriate learning sessions on the fundamentals of journalism.
(c) Planning and practice of two seperate plays by the 4th and 5th graders which will be presented to the community during February 1975 and sponsored by the P.T.A.
(d) A serious science fiction stage play, "The Veldt," by Ray Bradbury, to be presented by the 7th graders, and a mock radio soap opera comedy based on a spoof of one of our learning units in ancient western culture; this old-time radio skit, "Our Gal Cleo," will be presented in March 1975 and sponsored by the P.T.A.

Assemblies, such as: (a) a Christmas music festival of student readings and songs, conducted under Miss Schroeder, (b) invitations to guest speakers, as Mr. Stan Williamson who lectured on the three branches of our New Hampshire State Government (c) demonstrations by Fire Chief Ed Baker and his colleagues on safety precautions.

Field trips with intensive orientation before each venture and post-analysis to: (a) Concord, where the students had guided tours of the State Capitol and State Museum, (b) Newport Library at which competent personnel instructed our students in such items as the physical use of the Readers Guide To Periodical Literature, and (c) a planned trip to Dartmouth College Campus and Museum with tours arranged by Mrs. Dorcus Chaffee.

A daily program of indoor games administered by the 7th graders as part of their Game Club.

Formation of various clubs (Chess, Ahtletic, etc.) which met periodically and practiced parliamentary procedure.

School dances held under strict supervision, with student planning committees such as Rules, Refreshment, and Program Committees, all under the auspices of the 8th graders and the Student Council.

The use of socio-dramas to vividly engage in such bread and butter experiences as face-to-face relationships between employer and applicant seeking employment - within the trauma of current retrenchment and unemployment.

Providing the use of the cafetorium for community needs, such as Brownie meetings under Mrs. Wheeler, Cub Scouts under Mrs. Joan Leslie, and the impressive kindergarten experiences administered by Mrs. Towne as she has done in past years.

P.T.A. activities, suppers and other related school functions.

A close liason with Mrs. Karr of the Argus-Champion and Mrs. Downing of the **Claremont Daily Eagle** in order to publicize the constructive activities of our students.

Regular periodical meetings with Mr. Maynard of the Sullivan County Mental Health clinic to discuss ways to help some of our youngsters.

A successful and firm program of cutting down on absenteeism by engaging the aid of our Truant Officer, Chief Ed Bruno who has been invaluable in helping us adhere to New Hampshire State school laws.

A projected Adult Education evening course of continuous education in modern mathematics and the metric system, instructed by Mr. John Bonfiglio.

Close cooperation with specialists, such as our school nurse, Mrs. Buck, Mr. Herb Williams, Newport Guidance Counselor, and Mrs. Carolyn Fellows of Newport High School, in coping with future needs of our students.

A mutual sincere attempt by our faculty and our local Board of Education to work together and form firm communication links with the Goshen-Lempster community by such methods as monthly reports by each faculty member with invitations to attend extended to all parents.

Beginning a local Honor Society with elected officers and the construction of a constitution whose prime goal is to act as ahelp agency to those in need of mental and physical comfort. For example, we have a projected arrangement with the personnel at the Claremont General Hospital to send our young members as voluntters to cheer our "shut-ins" located in various areas of our communities; the youngsters will read to elderly people, tell them of their work at school, etc., in order to give them solace and dispell dispair in loneliness.

Working with both our local 4H personnel and with Mr. Ivan Head, director at Claremont, in presenting practical activities to our young people.

Meetings of the R2R (Right To Read) Committees, supervised by our Union No. 43 Director Mr. Al Soucy who has been the prime motivator in our needs assessment program for our students.

In conclusion, looking back these past four months, there are so many people who have given so freely of their time and energy without any ulterior motives or attempting to set up a personality cult. However, the focus of our thanks must be directed to our student body of over one hundred strong. It is they who have given us our motivation to act constructively. They have kept us young and forward-looking; we will continue in the pursuit of tapping the potential of each youngster in a relentless effort to develop their potential and varied skills, and, above all - to give them their dignity and self-worth as human beings. That is what our country is all about.

Respectfully,
David Cronin
Head Teacher
